LYNN AMSTRONG

Jack and I were married a few months before the first SOS and the rest, as they say, is history. We have been coming to the shag events ever since.

Several years ago Harry Driver asked me if I would attend the Hall of Fame selection committee meetings and tabulate the votes for the new inductees. It was a great privilege to be able to contribute in that way for a lot of years. Until one has attended a meeting, he or she can only imagine the honor in being selected. I will always be very proud to be an honorary member of the Hall of Fame.
